

ASK BOY'S DEATH BE INVESTIGATED

Father of Youth Who Hit Leroy Conway With Car Says Son Innocent

TRIAL SET FOR APRIL 29

Three Persons Injured When Cars Collide Reported to Be Out of Danger

Clyde White, 15 years old and his father, Charles A. White, prominent building contractor, appeared before W. P. Stever, county attorney, yesterday and the father asked that a complete investigation be made of the accident Sunday afternoon in which Leroy Conway, 12 year old son of C. C. Conway, 2608 East Admiral was almost instantly killed by an auto driven by the White boy. At the insistence of the father, county attorney Stever filed charges of second degree manslaughter against the lad. He was arraigned before Justice S. C. Maxey and released under a \$1,000 bond. The preliminary hearing was set for April 29.

White's father told the county attorney that he knew that his son was innocent of any criminal intent in regard to the accident and that he believed it was absolutely unavoidable. However, the father requested that the charges be filed and an official investigation made of the accident, even if it was exaggerated in the mind of his son. The parent said that he wanted him exonerated officially.

Shortly after the accident White was arrested on a charge of reckless driving and released under a \$1,000 bond for his appearance in police court Monday afternoon. His trial was continued until April 28. Funeral services for Leroy Conway will be held from the Second

BEAUTY CULTURE HINTS

There is real common sense in just noticing whether the hair is well kept to judge of a woman's neatness, or good taste. If you are one of the few who like to make the most of your hair, remember that it is not advisable to wash the hair with any cleanser made for all purposes, but always use some good shampoo. You can enjoy the very best by getting some panthox from your druggist, dissolve a teaspoonful in a cup of hot water. This makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair from the roots to the top of the head. Dandruff, excess of oil and dirt are dissolved and entirely disappears. Your hair will be so fluffy that it will look much heavier than it is. Its lustre and softness will also delight you, while the stimulated scalp gains the health which insures hair growth.—Advt.

CROSBIE HEIGHTS DECISION FRIDAY

CONTINUED FROM PAGE ONE The finding of the superior court of Tulsa county that Samuel H. Brown was born February 23, 1896, and therefore the eastern district court of Oklahoma was foreclosed from trying that issue. The supreme court today denied that contention.

This suit was brought in 1915 by the government against Pivett, McWhell and Crosbie for the recovery to the heirs of Madison H. Brown of 49 acres of valuable oil lands south of Pivett. The decision bars any claim the defendants may have had against the property. The Old Production company, a Sinclair subsidiary, is the holder of a departmental lease on the property, and the decision validates their title to the lease.
